## DATA PROTECTION AND INFORMATION SECURITY POLICY

### 1 The Data Protection Policy

Fulbourn Parish Council recognises its responsibility to comply with the Data Protection Act 1998. The Act regulates the use of personal data. This does not have to be sensitive data; it can be as little as a name and address.

### 2 The Data Protection Act

The Data Protection Act 1998 sets out high standards for the handling of personal information and protecting individuals' rights for privacy. It also regulates how personal information can be collected, handled and used. The Data Protection Act applies to anyone holding personal information about people, electronically or on paper.

As a local authority, Fulbourn Parish Council has a number of procedures in place to ensure that it complies with the Data Protection Act 1998 when holding personal information.

When dealing with personal data, Fulbourn Parish Council councillors and staff must ensure that:

- **Data is processed fairly and lawfully.**  
This means that personal information should only be collected from individuals if Councillors and staff have been open and honest about why they want the personal information.
- **Data is processed for specified purposes only**
- **Data is relevant to what it is needed for**  
Data will be monitored so that too much or too little is not kept; only data that is needed should be held.
- **Data is accurate and kept up to date**  
Personal data should be accurate, if it is not, it should be corrected.
- **Data is not kept longer than it is needed**  
Data no longer needed will be shredded or securely disposed of.
- **Data is processed in accordance with the rights of individuals**  
Individuals must be informed, upon request, of all the personal information held about them.
- **Data is kept securely**  
Only Councillors and staff can access the data. It cannot be accessed by members of the public.

### **3 Storing and accessing data**

Fulbourn Parish Council recognises its responsibility to be open with people when taking personal details from them. This means that Councillors and staff must be honest about why they want a particular piece of personal information. If, for example, a member of the public gives their phone number to staff or a member of Fulbourn Parish Council, this will only be used for the purpose it has been given and will not be disclosed to anyone else without the person's permission. Except for the main contact details for the Councillors, the information about individuals will be securely kept and is not available for public access. Once data is not needed any more, is out of date or has served its purpose, it will be shredded or securely deleted from the computer.

Fulbourn Parish Council is aware that people have the right to access any personal information that is held about them. If a person requests to see any data that is being held about them:

- They must be sent all the personal information that is being held about them.
- There must be an explanation for why it has been stored.
- There must be a list of who has seen it.
- It must be sent within 30 days.

A fee to cover photocopying and postage charges will be charged to the person requesting the personal information. This fee will be agreed by the Parish Council and amended in line with inflation from time to time. For postage, the figure will be £2.00 and the photocopying charge will be £0.20 per sheet.

### **4 Disclosure of personal information**

If an elected member of the Council needs to access information to help carry out their duties, this is acceptable. They are only able to access as much information as necessary and it should only be used for that specific purpose. If, for instance, someone has made a complaint about overhanging bushes in a garden, a Councillor may access an address and telephone number of the person who has made the complaint so they can help with the enquiry. A Councillor may only do this providing they represent the area that the subject lives in. However, before they access any sensitive information about a person, they would need the consent to do this from the Parish Clerk. Data should never be used for political reasons unless the data subjects have consented.

### **5 Confidentiality**

Fulbourn Parish Council and staff must be aware that when complaints or queries are made, they must remain confidential unless the subject gives permission otherwise. When handling personal data, this must also remain confidential.

### **6 Monitoring and Review**

This Policy will be reviewed annually or in the following circumstances:

- changes in legislation and/or governance guidance
- as a result of any other significant change or event

Date reviewed and adopted: **13<sup>th</sup> July 2022**
