

The Library Presents has unveiled its highly anticipated spring programme, created with the input of over 570 local residents. The spring line-up is set to be one of the most exciting in the programme's six year history and features music, puppetry, dance, circus, theatre, and storytelling events.

Loyal fans will recognise a few firm favourites on the programme with hugely popular events such as *The Opera Dudes*, *Samba Drumming* and *Fused Glass* workshops set to return. However, the local community also expressed an appetite to try something new, so this season welcomes some intriguing new acts, including *Conception Mary Shelley: The Making of a Monster*, when Mary has a brutal confrontation with her creation; while families are invited to come on a magical journey into the plant world in a theatrical piece, *The Greenhouse*. Other highlights include music performances spanning a range of genres, a selection of workshops, as well as theatre productions and puppetry performances.

Thanks to public funding from Arts Council England, tickets are affordably priced between £2 and £10, with concessions available.

With events hosted in 19 libraries across the county, guests can look forward to a unique and intimate experience, quite unlike anything offered by a traditional theatre or larger entertainment venue.
